

## Oct/Nov events

1<sup>st</sup> Nov 2017 Susan Koh's father passed away and on the 2<sup>nd</sup> day of the wake service, which I attended, Tony gave a detailed eulogy of his father-in-law's achievements and hobbies. His great passion was photography and I knew that because he would notice me with my camera even though I could hardly speak to him with my limited Hokkien.

18<sup>th</sup> Nov 2017 A timely Training on Chinese Funeral Rites & Customs by Deacon Peter, followed by lunch at a nearby restaurant and then to Mandai Crematorium to attend the funeral of Pastor Chua Chin Seng's wife.

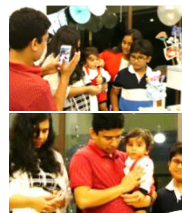

27<sup>th</sup> Oct 2017 Prayer Meeting  
When the Mission Team came to share their testimonies the turnout at the Prayer Meeting was about 40 persons almost 10 times the regular attendance of a Prayer Meeting. God willing, this trend will continue and even grow as we come to hear of God's work amongst us and to pray for our Mission Teams and for the church.

28<sup>th</sup> Oct 2017 YAM Laser Tag

4<sup>th</sup> Nov 2017 Jethro, son of Frank and Preeti celebrated his 1<sup>st</sup> birthday at their condo's

function room. The guests included people from the various adult CGs. It was almost like a combined CG event.

# Snippets

30<sup>th</sup> Oct 2017

Two choirs presenting songs in English and Chinese, a Thai dance and finally a tree planting ceremony with the Lord adding the water, this was the 500 years of Reformation commemoration service.

26<sup>th</sup> Nov 2017

The Mission Team for Trip 0217 comprising 17 persons came forward to be sent forth by the congregation.

May the Lord Jesus be with them in Cambodia and bring them safely back.

I have not seen a happier photo of John than this one I took when he was carrying Jason Tan's little boy.

He thinks his grandfather clock time is running fast.

On the other hand, Ronnie, who is already a grandfather seems just as happy to carry Frank Jonathan's son.

Well, for me, I will just have to carry my camera in my hands.
